HTC® 8XT

Windows Phone 8 from HTC built to amplify life

PRODUCTIVITY

- Windows Phone 8 offers the most personal smartphone experience with Live Tiles, Live Apps, and seamless integration with many popular Microsoft consumer services, such as Xbox, SkyDrive, Skype, and Bing™
- Sprint 4G LTE
- 4.3-inch, WVGA brilliant display with off-center viewing and color enhancement
- Qualcomm® Snapdragon™ 400 processor with 1.4GHz dual-core CPUs
- Microsoft Office Mobile
- Office Hub gives you read/edit access to popular Microsoft Office Applications (Word, Excel and PowerPoint), plus Sharepoint for collaboration on the go and OneNote
- Corporate email (Microsoft Exchange ActiveSync®), personal (POP & IMAP) email and text messaging
- Full HTML Web browser with Bing Search
- Bluetooth® 3.0
- Wi-Fi® 802.11 a/b/g/n
- 3G/4G mobile hotspot capability, supporting up to eight Wi-Fi enabled devices simultaneously

ENTERTAINMENT

- The first Windows Phone with HTC BoomSound™ - dual front-facing stereo speakers with a dedicated amplifier that brings people closer to their music, videos and games.
- Beats Audio™ integration for studio-quality sound, so listeners hear music the way the artist intended
- 8MP rear-facing camera featuring back-side illumination and f2.0 lens for detailed pictures in low light settings and 1.6MP front-facing camera
- 8GB of built-in storage, a Micro SD card slot that allows up to 64GB of expandable memory plus an additional 7GB of free SkyDrive cloud storage
- 3.5mm stereo audio jack
- Windows Phone Marketplace offers a single view to showcase more than 160,000 apps, games, and premium Xbox LIVE games
- Sprint TV® and Movies, with more than 15 channels of live sports, live breaking news and full episodes of the most popular daytime, primetime and kids entertainment
- Sprint Music Plus, a full-featured music store and player for music tracks, ringtones, and ringback tones, including millions of DRM-free music tracks and tones updated daily

ECO-FRIENDLY ATTRIBUTES

- Underwriters Laboratory Environment (ULE) Platinum Certified, the highest level of environmental performance recognized by sustainable requirements established by ULE and Sprint
- Insert eco-friendly attributes here
